WHOM SO EVER IT MAY CONCERN

Dear Sir/Madam,

LETTER OF RECOMMENDATION

"As an installer association, we have had the opportunity to work with a variety of power backup products, but Hausstrom Limited's products stand out for their quality and reliability.

Their customer service is exceptional, always providing prompt and helpful solutions whenever we have needed them.

We have recommended Hausstrom Limited's products to many of our members, and they have been extremely satisfied with their performance.

We highly recommend Hausstrom Limited's products and services to any organization in need of power backup solutions."

Thank You,

Yours Sincerely
